

Warm - Ups

Week 35

- Define: Monday

- Runoff
Sediment

- In state forests and parks containing varieties of flowering trees and shrubs, there are signs that say, “Take nothing but pictures, leave nothing but footprints.” These signs are necessary because –

- A. humans can destroy habitats by removing flowering tree and shrubs.
 - B. all animals feed directly on flowering shrubs that may be removed by people.
 - C. removal of flowering trees and shrubs will increase biodiversity.
 - D. flowering shrubs grow best in state forests and parks.

- Which human activity is correctly paired with its likely future consequence?

- A. overfishing in the Atlantic – increase in supply of flounder and salmon as food for people.
 - B. development of electric cars or hybrid vehicles – increased rate of global warming.
 - C. genetically engineering animals – less food available to feed the world’s population.
 - D. use of fossil fuels – depletion of underground coal, oil, and natural gas supplies.

- Define: Tuesday

Erosion

Weathering

- Most hurricane damage comes from which of the following?
 - A. Fire
 - B. Hail
 - C. Lightning
 - D. Wind

- When do erosion and deposition occur in a river?
 - A. Erosion occurs as the moving river picks up soil and moves it downstream. Deposition occurs when the river currents slow and drop the soil.
 - B. Deposition occurs as the moving river picks up soil and moves it downstream. Erosion occurs when the river currents slow as it enters the larger body of water and drops the soil.
 - C. The river is eroding the land. There is no deposition.
 - D. The delta forming at the mouth of the river is from deposition. There is no erosion.

- Define: Wednesday

Deposition

Tsunami

1. Given an example of how to use a dichotomous key
-
-
-
-
-
-
-
-
-
-
- An earthquake that occurs on the ocean floor may cause –
 - A. a tsunami.
 - B. magma.
 - C. a fault to disappear.
 - D. a volcano to form.

TEST - Thursday

Get Supplies

Clear Desk

- Friday (complete on front in Thursday's spot)
- Define Element -
- Define Tissue -
- What symbol on the Periodic Table of the Elements represents Iron?
- What simple machine would be best to use when lifting a box to a moving truck
